WORK. LIFE. HARMONY.

Fact Sheet

Overview

UnCommons, Matter Real Estate Group's highly anticipated mixed-use development in southwest Las Vegas, has begun to open its office and retail spaces comprising phase one with its second phase under construction. The \$1 billion project is designed to fulfill the modern workforce's desire for a workplace that enhances their lives through rich amenities, open space and connectivity.

Designed by globally renowned architectural firm, Gensler, the 40-acre stylized urban campus is comprised of more than 500,000 square feet of modern office space with market-leading design and technology, more than 830 residential units, an entertainment venue, trendsetting restaurants and cafes that follow the good food movement, health and fitness studios, a multi-purpose conference center, a pedestrian trail, public art and a food hall showcasing the best of the local food scene.

UnCommons is the first development in Nevada to be built by the standards for [WELL™ Certification](#), which are the highest third-party endorsement of a building's performance and protection of employee health. UnCommons has also achieved certification by [Green Globes®](#), a nationally recognized green rating assessment, guidance and certification program.
